2. **This office functions as an intermediary between you and the Department of Veterans Affairs (DVA) and has four basic functions:**
  1. Certify to the DVA that you are registered. (You must inform us every semester that you are enrolled.)
  2. To verify for the DVA that the courses you are taking apply to the degree program that you declared.
  3. To notify the DVA of changes that may affect your benefits (drops/adds).
  4. To maintain an accurate file of your educational experience at NPC.Initials \_\_\_\_\_
  
3. **Changes:** The law, under which DVA benefits are administered, requires changes to be reported to our office immediately. Changes include class schedule changes (drops/adds), degree major and/or program of study changes, name, address, telephone, etc.

Failed courses and courses that require a "C" or better may be repeated for pay. W grades and classes withdrawn from during or after a semester are subject to overpayment. Audited and noncredit courses are not authorized for pay. Courses **NOT** part of your designated program of study are not authorized for pay.

5. **Probation:** NPC has a minimal GPA requirement (see college catalog). Failure to maintain the required GPA will result in academic probation. You are still eligible for educational benefits while on probation, however, remaining on probation after one semester will result in Academic Suspension and possibly the DVA suspending or terminating your benefits.

6. **Other Forms of Financial Assistance:** The Post-911 GI Bill will not pay tuition and fees if you are receiving tuition reimbursement from an employer, federal tuition assistance, military tuition waivers, or any form of financial scholarship for tuition purposes. If you are receiving a partial payment for tuition, the VA will cover all remaining costs.

7. **Tuition Deferments:** NPC offers tuition promissory notes. This allows NPC to hold you in your classes prior to payment being received from the DVA. If you are receiving VA payments directly, it is your responsibility to pay your deferments once you receive your VA funds.

8. **Textbooks:** Purchasing textbooks is the veteran's responsibility, since NPC does not require you to purchase textbooks directly from NPC. You are welcome to set up a payment plan through our third-party company to purchase your books, or you can purchase them from any other company. Just make sure to check with your instructor so that you purchase the correct book.

I am held responsible to repay this loan in full even if I do not attend classes. I will go through official withdrawal as described in the college catalog in order to obtain any refund of fees that may be applicable.
