This degree is designed for students intending to transfer into a four-year college/university program. The general education component of this degree fulfills the Arizona General Education Curriculum (AGEC-A) and will transfer as a block to the three public Arizona universities, meeting all lower division general education requirements. If the AGE-C-A block is not completed, courses will be articulated at the universities on a course-by-course basis and may not meet all the specific general education requirements at the university. The AGE-C-A is NOT a degree and students must complete the additional 29 elective credits to earn an Associate of Arts degree.

Name: ___________________________ ID #: ___________________________ Date: ______ / ______ / ______

University Major: ___________________________ Adviser Name: ___________________________

**This sheet is only a guide. Recommended course sequencing is listed below. See an NPC academic adviser EVERY semester to ensure you are on the right track.**

### TOTAL CREDITS

Requires completion of a minimum of **64 credits**. Must earn a “C” or better in all courses and have a cumulative grade point average of at least 2.0.

*Or a mathematics course for which MAT 142 or 152 is a prerequisite.

**See an academic adviser for recommended electives for your specific educational path. **NOTE: All elective courses must be transferable to all 3 state universities for this degree. See [www.aztransfer.com](http://www.aztransfer.com) to check transferability.

*Not all courses are offered every semester. See an NPC academic adviser for best course sequencing.*

</table>

**ELECTIVES (29 credits)**

**Courses from this area should be:** 1. Identified as common courses in the university transfer guide in the major of choice; 2. Language credits if required, depending on the major of choice at the university the student plans to attend; and 3. Listed as a prerequisite or elective for this degree. Elective credits must be transferable to all three public Arizona universities as defined in the Course Equivalency Guide of the year the student completes the course. Speak to an NPC academic adviser to ensure you are taking the correct courses. Find detailed transfer information at [www.aztransfer.com](http://www.aztransfer.com).

### Helpful Definitions and Websites

- See the cost savings in just tuition by completing the first two years of your bachelor’s degree at NPC at [www.npc.edu/transferU](http://www.npc.edu/transferU)
- Find out more about NPC transfer agreements with other colleges and universities at [www.npc.edu/transfer-agreements](http://www.npc.edu/transfer-agreements)
- Learn all about Arizona’s guaranteed transfer degrees to ASU, NAU and UoA at [www.aztransfer.com](http://www.aztransfer.com)
- NPC’s [college catalog](http://www.npc.edu/college-catalog) is available online at [www.npc.edu/college-catalog](http://www.npc.edu/college-catalog) or from any campus or center adviser.
- **Articulation:** the process of determining the transfer and applicability of courses from one institution of higher education to another.
- **Course Equivalency Guide:** shows how community college courses transfer to the three state universities. It also has many equivalencies among the three state universities. It does NOT indicate how a course transfers to a specific degree program. Course equivalencies are “year specific” meaning that in order to see if course work will transfer, you must review the Course Equivalency Guide for the year in which you took the course.
- **Course Prefix:** generally three or four characters identifying a department or division in which a course is taught (example: SOC is commonly used for Sociology courses)
- **Prerequisites:** a course that must be completed prior to taking a subsequent course.
- **SUN#:** the Shared Unique Number (SUN) System identifies some of the transferable lower-division courses commonly offered at the three Arizona public universities and at least two Arizona community colleges. The system ensures that a SUN course at a participating institution will be accepted as a direct equivalent to the comparable SUN course at the other participating institution.
