4. Joel asked, "What can we do now?"
  - Suggestions were:
    - Community Survey – in paper? - advertised
    - Have a substitute teachers course taught in Heber at least once a year
    - CDL training
    - Spanish class being filled too fast
      - Keep track of people turned away (wait list)
    - Tie in with ASU – not impossible but difficult, we work mainly with NAU
      - Invite Kathy Stemmler to next meeting
      - We need to see what needs to be offered, then get it
      - Ability to complete degree locally (BS/BA)
    - Dish Network – Broadcasting – Future
    - ILL
    - Scholarships available – need to have students come to Center Office
    - FRS – Mell Epps said they were building a training center in Taylor
    - Law Enforcement should be represented at next meeting
    - Articles in the newspaper need to be in sooner – sometimes classes are already canceled or have already started
    - Customer Service seminar needed, maybe restaurants/companies could pay for their employees to attend
    - Etiquette
