This is a generous scholarship program for Arizona community college students transferring to ASU, NAU, U of A, or Pima Community College. Earn to Learn is a nonprofit organization that is funded through federal funding with matches from the three state universities and Pima CC.

Earn to Learn Scholarship is a savings to scholarship program that provides an 8 to 1 savings match for students, where a student saves \$500 of their own dollars and is matched with \$4,000. This \$4,500 is renewable for 2 years. There are strict eligibility requirements and applying is a somewhat lengthy process with strict deadlines. Potential applicants are advised to get their questions answered early and apply as soon as the application process opens.
