Brenna discusses the Concurrent Enrollment Program, which allows you to take some of your Bachelor of Science in Nursing courses with ASU while enrolled in the NPC Nursing Program. The program is flexible and allows you to complete a BSN faster than the traditional transfer method.

The “traditional” transfer process is also discussed as well as details about the BSN curriculum. Also briefly discussed are their MSN and DNP programs.

Any questions about the Concurrent Enrollment Program or transferring can be directed to the contact information above.
