-Zoom roll call: Katie Matott NPC CCL, Susie Underwood Volunteer at Senior Center in Show Low, Susan Rodriguez Education Specialist with Navajo County, Tamara Osborne CCL NPC, Jeremy Raisor Incoming Dean of CTE, Jeanette Hancock SCC Front Office.

-Excursion Review. Excursion waivers were discussed to cover the entire year.

- In replace of Excursions, we do guided videos of different destinations virtually and people do trips on their own. Susan Rodriguez says people may be bored of the idea of virtual. Group idea is a passport of some kind (geo-caching) that takes place across the mountain. Post a pic at the spot-on social media and tag NPC. Have stamps at each spot.

-Virtual Tour would be good if it is more secluded and exclusive.

-Lots of donations through take a hike foundation.

Kids College:

-DIY.org is a website that you get challenges for kids that gets a pic or video of the completed project. Could purchase real badge and get it mailed to you. Picked something that everyone liked based on interests.

-We want to make it interactive. How can we do that?
