

Introduction:

Betsy Ann Wilson was here about scholarships plus chair of colleges leadership. They are planning 2024/2025. Please see attached flyer with QR code for the survey; this is to find out what the community would like to see from the college.

The career fair we held had 8 booths with 8 different salons. The feedback we received was that it felt rushed. Fresh Hair said that the students were in large groups and didn't interact. They believe the students just wanted the free items.

State board Website- Laws and Rules / License Renewal

Revision date: They were supposed to revise them on May 4th but we haven't seen that yet

State board testing: Theory- 110 Question, Written Practical (Hairstyling and Instructors have face to face practical)

Students that either have an IEP or language barrier are struggling to get accommodations.

State board is having a hard time with accommodations, they seem to be shorthanded

Highlights: LCC- Tesa Candelaria (Blonding and Extensions) within a year upgraded to a huge and beautiful salon, in Scottsdale with affordable booth rent.

Cima:

Free for the college, Charge for student seats. Videos, demos and interactive .

65% Increase in students learning VS hard back textbook.

All programs -Nail tech -Cosmetology -Student Instructor -Hairstyling

Video: CHFO5: Infection control

-Karen Mitchell Uses CIMA in Chinle and really likes it.

Hair Show: Rusk, Joy-Ko, Amika With Armstrong McCall

Rusk: First Day - Intro to color

Second Day – Hands on

Two-day event! Free for the students and tickets will be sold to the public

We visit Salons to find out where there are gaps between school and salons.

-Most salons are closed to walk-ins. There are a lot of suits.

Change in dynamic. What happens with State Board instruction, those that are in a salon setting, are running their own schedule and only come in for their appointments. Are they in compliance and posting hours and pricing? Students want to pick their own hours in a salon that is open 6 days a week.

Maybe teach students and lay out a goal system to show they are a part of the bigger picture.

-Students think they come right out of school and can charge at the top.

-Students don't think they need to continue education after graduating.

Industry: -Hands on test: Do you think they will deregulate us?

-DES has a program for apprenticeship; Salons are hiring random people to "get trained"

Trends and Techniques: Same cuts and styles with new names.

Skill USA: LCC 5 students (3 Navit, 2 adults) Carrie Ann took 2nd in Cosmo, Faith took 1st in Job Demo (Both NAVIT) and 1 Adult took 2nd in Cosmo and 2nd in Job Demo. Faith enjoyed Skills! Overheard the judges complaining about contestants not interacting with them.

Seems like the contestants really stepped it up this year.

Specialty Classes: Jeremy Raiser says there is a lot of flexibility. Instructor can demonstrate and we can set up classes. Instructor generally set their own pay rate and scale. Work with Melissa Willis.

Kids college in June and July

Fall 2024 Advisory Board on November 4th at 1pm
