Needs - Teachers?

It was commented that we should look within the Therapist population in the area to see if we could generate interest. Or post needs at the local Gyms.

Strategies to Build the Program - Dual enrollment at White River (Lois Goode works at the school and believes that there is enough interest). Continue to communicate with Winslow to restart their dual enrollment program. Attend local schools Career day opportunities. Contact Local Schools to promote Dual enrollment classes or NAVIT attendance.

Recommendations: None!
