Associate of Arts Elementary Education (AAEE) – 2024-25 Catalog-*Students interested in pursuing a degree that leads to a teacher preparation program for elementary education and teacher certification (K-8th grade) may want to complete their AAEE. This plan maps the suggested and required courses that provide a foundation for entry into school-based settings as a paraprofessional (teacher's aide) as well as the foundation for a bachelor's degree in elementary education. Courses are outlined in blocks that are suggested for full-time students, but may be adjusted based on scheduling, student employment, or individual needs. Completing highlighted courses on the plan leads to the Certificate of Proficiency in Education Professions. To ensure you are on track, it is recommended that you meet with the Educator Preparation Programs Advisor prior to registering.* **Bolded** *courses are taken together in a single semester.*
